AARMAN
AUTOMATION

ENGINEERING EXCELLENCE THROUGH PRECISION MANUFACTURING

WHO WE ARE

FOUNDED
2021

AARMAN AUTOMATION is a progressive company dedicated to providing the best quality and reliable products. We manufacture engineering components to international standards. Sound engineering foundation and strong technical skills have rendered our company to be reliable in terms of quality, delivery and cost effectiveness.

COMPANY HIGHLIGHTS

Advanced CNC Machining Solutions

Commitment to Quality & Precision

Modern Infrastructure & Technology

On-Time Delivery Assurance

Skilled & Experienced Engineering Team

Customer-Centric Approach

VISION

Perfectly suit ourselves by knowing the actual needs and exceed it by understanding the potential needs of our customers to set a benchmark and to become a market leader in our products.

MISSION

Upgrading and applying innovative technical knowledge and development to achieve excellence in all we do.

CORE VALUES

To provide ultimate priority for Customer needs and organizational discipline for effectiveness in all processes we do.

QUALITY POLICY

We strive to achieve "TOTAL CUSTOMER SUCCESS" by consistently supplying user friendly quality products on time through teamwork and continual improvement of our quality management system.

10000 SQ.FT

State-of-the-art facility
spread across 10000
Square Feet.

17 MEMBERS

SKILLED TEAM
Experienced and dedicated
professionals driving
excellence.

7 CNC MACHINES

ADVANCED MACHINERY
High-performance VMCs
and HMC for precision
manufacturing.

QUALITY FIRST

Precision, reliability and
customer satisfaction
are our top priorities.

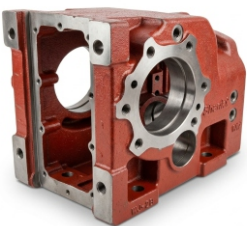

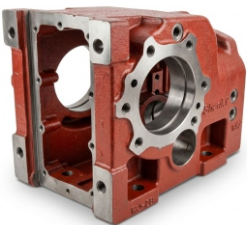

PRECISION CNC MACHINING SOLUTIONS

Aarman Automation delivers high-precision CNC machining solutions for diverse industrial applications. Our advanced manufacturing capabilities, modern machining centers, and stringent quality control ensure every component meets the highest standards of performance, precision, and reliability.

ADVANCED CNC MANUFACTURING
PRECISION | PERFORMANCE | RELIABILITY

BUILT ON TECHNOLOGY. DRIVEN BY PRECISION.

Aarman Automation is equipped with state-of-the-art machinery, modern infrastructure and advanced support systems to deliver high-precision components with consistency, efficiency and reliability.

MEASURING

Bridge CMM in Measuring Room

SIZE	900mm/1200mm/600mm
Compatible sensors	RDS-CR5-CAA / VAST XXT TL3/TL1, RDS-CR5-CAA / VAST XXT TL3 Compact design VAST XXT direct
Accuracy	Up to: $1.8 + L / 250 \mu\text{m}$
Software	ZEISS CALYPSO
Angle positions	Step angle 5 degree 5,184 possible positions
Optical sensors	ZEISS LineScan One

Height 1000mm accuracy 0.002mm

LET'S BUILD PRECISION TOGETHER.

We are always ready to understand your requirements and deliver the right engineering solution with precision, quality and commitment.
